Robust, yet stylish and compact : AURES unveils YUNO

Runcorn - Lisses, September 2014. *The AURES Group announces Yuno, the latest equipment in its range of point-of-sale systems and terminals - entirely renewed since 2013 - ; the new EPOS system will be previewed during Paris' Equipmag and Equip'hotel 2014 trade shows.*

- **Yuno** is a *fanless, compact, multi-function* EPOS terminal, fitted with a Quad-Core Bay Trail J1900 platform. With its contemporary style and robust design, it is suitable for point of sale and service in any sector.
Stylish and flexible, it is available in two screen formats (15" and 15.6" Wide aspect ratio). It offers a choice of VESA options for wall or pole installations, as well as the traditional stand mounting. The hardware is also available as a touchscreen monitor.
- Yuno's precise multi-touch projected capacitive screen is shock- and scratch-proof (PCAP technology). The fanless design is coupled with a 64 GB SSD, ensuring that the solid state device remains dust and ingress free, ideal for those harsh retail environments.
- The energy-efficient Bay Trail processor (*consuming just 10 W*) and the aluminium structure of Yuno allow enhanced heat dissipation, thus enabling the terminal to comply with increasingly rigorous environmental standards (*low carbon footprint*).

Yuno is a reliable and accessible product, whose many benefits (technology, ergonomics, innovation and design) make it good value for money, representing a sensible, cost-effective and long-term investment for your POS IT equipment.

*AURES at Equipmag 2014 - stand L006 - Paris Porte de Versailles, 16 -18 September 2014
AURES at Equip'hotel 2014 - pavilion 2 - stand B64 – Paris Porte de Versailles, 16 - 20 November 2014*

Yuno's benefits

- Compact, resistant, multi-application EPOS terminal
- Quad-Core Bay Trail J1900 processor
- 2.5" 64 GB SSD (2 slots)
- 4 GB standard memory (upgradeable to 8 GB)
- Flat, free bezel screen
- Projected, capacitive, multi-touch screen (PCAP)
- 2 screen sizes (15.1" or 15.6" Wide)
- Tilting base: from 0° to 90°
- Discreet connectivity, hidden in the stand
- Mini DP output for 2nd screen
- Energy efficient fanless processor (<10 W) and low carbon footprint
- Available in VESA-standard option for use on a wall or pole mount
- Simple screen option (touch monitor)
- Choice of 2 colours: White or Black

Model **YUNO**

Processor	BayTrail J1900 Quad-Core
RAM	DDR3 SODIMM 4 GB as standard (up to 8 GB)
SSD	2.5" 64 GB (2 slots)
LCD	15" TFT (1024 x 768) or 15.6" (1366 x 768) (<i>Yuno wide</i>) LED back-lighting
Touchscreen	Flat, zero bezel multi-touch screen – with projected, capacitive panel (PCAP)
Brightness	250 cd/m2

Connectivity

Serial	4 serial ports (+ optional 5/12 V power supply for COM3 / COM4)
USB	5 USB 2.0 ports + 1 USB 3.0 port
LAN	10/100/1000 Base-T
2 nd Screen	Port with support for HDMI, DVI and VGA (mini Display Port)
Cash Drawer	24/12 V DC
Audio	Internal loudspeaker, headphones, micro jack plug
Power Supply	+ external 19 V DC
Mini-PCI Express	1 Mini PCI Express slot (WIFI)

Miscellaneous

EMI	CE/FCC Class A
Security	LVD, external adaptor UL c/us, CE, TUV, etc.
Operating Temperature	0 - 40 °C
Front	Dust- and splash-proof
Colours	Black or White
Materials	Polycarbonate (cover) + aluminium (structure)

Dimensions (W x D x H)	360.1 x 171.5 x 316.1 mm (15.1" format)
	402.2 x 171.5 x 295.3 mm (15.6" Wide format)

Weight	10 - 11 kg depending on the option (15.1" format)
	11 - 12 kg (15.6" Wide format)

Compatible OS	Windows 8 Industry, Windows 7 Pro, POS Ready 7, Linux, Android
----------------------	--

Optional Extras

MSR,	3 ISO tracks, OPOS support,
RFID reader / Addimat and/or Dallas key reader	1 slot, on the right of the EPOS terminal)

About AURES Technologies

Founded in 1989 and listed on Euronext since 1999, the AURES Group manufactures EPOS systems and related peripherals. Its PC-based hardware and open-system equipment provides management and check-out functions to all points-of-sale and points-of-service including specialist food and non-food stores, retail outlets, superstores and catering and hospitality.

With corporate sales over €50 million and some 50,000 EPOS systems installed during the year 2013, the AURES Group has global presence, with its head office in France, subsidiaries in the UK, Germany, Australia and the USA - and a network of distributors and resellers in 50+ countries.
