# KRYSTAL ANDROID

## UTK-8300 SERIES

### Ultra light and compact Kiosk system

**KRYSTAL** is an interactive and multi-function touch-screen kiosk designed and developed to serve different sectors (Retail, Food & Beverage, etc).

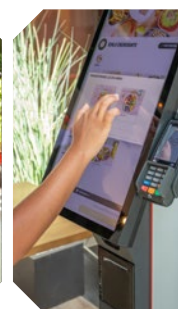

Versatile and modular, It is available in 3 different versions (standalone, counter top or wall mounted); it is proposed either in a 15" landscape mode or in a 21" landscape or portrait configuration.

KRYSTAL can be associated with a wide range of options, suiting a number of applications.

Simple and elegant, its slim, vertical design will be a real asset for the digitalisation of sales and service areas.

KRYSTAL integrates the YUNO Kiosk touch technology (in 15 or 21" - see above), a ticket printer (ODP 444, EPSON Tm-M30 or ADVANTECH TP-3260), a payment terminal and a 2D barcode reader.

This kiosk will meet the needs of various customer journeys, from booking to order taking, including Click & Collect, queue management and appointment taking.

# KRYSTAL ANDROID
